

Driving Your Business

Badger is a heavy haul company that serves a wide range of industries, with a primary focus on large wind components. We deliver complete turn key projects to pad including blades, generators, gear boxes, nacelles and tower sections. We handle components of any weight, width, height or length and deliver them on time throughout North America.

Badger Benefits

- *25 years in business*
- *Any size payload*
- *Complete components to pad*
- *Custom equipment to meet your needs*
- *In-house due diligence / project preparation*
- *Certified steer escorts*
- *On-site Badger representative for large projects*

Industries We Serve

We deliver equipment and components for companies in a wide range of industries:

- *Wind*
- *Ethanol Processing*
- *Mining*
- *Construction*
- *Oil and Gas Extraction and Processing*
- *All other industries with large components*

All Sizes

Badger can handle any size payload. The following are our maximums to date, but we're ready to go bigger, heavier, longer.

- *Length - 180 feet*
- *Weight - 230,000 pounds*
- *Height - 18 feet*
- *Width/Diameter - 23 feet*

Project Preparation

We do our homework up front to make sure your project arrives smoothly.

- *Test loads*
- *Physical route surveys*
- *In-house state permitting*

Equipment

Our equipment is custom designed for fast load, fast unload and maximum payload protection. If we don't have the equipment needed to take on your project, we'll build it.

- *Over 65 Rigs*
 - *Range from standard five-axle flatbeds to 19 axles*
 - *13-axle perimeter trailers*
 - *Expandable drops*
 - *Lowboys*
 - *Schnablers*
- *Certified pilot vehicles*

Personnel

Only the best, most reliable people make our cut. Once we have them, we keep them, so you get years of experience and expertise on your project.

- *All loads delivered by certified, trained drivers*
- *Company certified team of steer escorts*
- *A Badger representative arrives at your site long before the first delivery and stays until our job is done*

Past & Present Customers

They say it's all about the company you keep. For Badger, it's about the companies that keep us.

- *Clipper Windpower*
- *Gamesa*
- *GE Wind Energy*
- *Mitsubishi Power Systems*
- *NEG Micon*
- *Siemens Wind Power*
- *Suzlon Energy*
- *Vestas*
